

# BKM Photo

Dear Pinkerton Academy 2011 Senior,

Congratulations! You are nearing the end of high school and will soon be off to new and exciting phases in your life. The senior portrait has long been regarded as a milestone image in your life, one that shows you at your best at this very important time.

This year, **BKM Photo** is the official school photographer. **BKM Photo** is made up of three photographers with a combined experience of over 70 years in the professional photography business.

We want to make sure that each and every one of you gets the quality portrait you deserve, so this year **BKM Photo** will be coming to the school to do your senior photos there! We are doing a standard studio session and providing you with a yearbook photo **ABSOLUTELY FREE!** The photos will be posted online and password protected. Even though you have no obligation to order anything, we're sure when you see the high quality images and the special pricing you'll just have to purchase some! And the finished order will be shipped right to your home, how easy is that! Please note that you will also have the option of an expanded session with more choices, including outdoor poses, if you like. Why would you want to go anywhere else!

You can even choose your own appointment time online! Just go to [www.bkmphotollc.com](http://www.bkmphotollc.com). Go to the links page and you'll see the scheduling link. You'll also see another link for after your session where you go to order photos. You can book **May 22, 23, June 29, 30, or July 24, 25**. Book early to avoid summer heat, the best times will fill quickly! You may also choose to have your session done at any of the three studios listed on the Links page of the web site also. Don't forget to be in dress code for at least one outfit!

Sincerely,

BKM Photo
